servants - must be purchased - that there will be a saving to the Municipality in each instance - each being thus only Rs 68/- a year.

2. The financial condition of the Municipality as per current year's budget is as follows:-

Probable receipts	=	21755
Total	=	46479
Probable expenditure	=	34728
Closing balance	=	11751

Submitted for orders. It is a question for consideration why a well should not be sunk for the exclusive use of these low caste men (instead of incurring a permanent expenditure by employing two additional hands for drawing water) and allow them to draw water for their domestic purposes as well as for road watering

Sir,

I have the honor to state that the Municipal Council of Davangere have passed a resolution to the effect that Sanction of Government may be obtained for the entertainment of 2 men on Rs 7/- each per mensem, to draw water for the purpose of cleansing public latrines. A copy of the resolution is submitted herewith.

2 The Scavengers whose duty it is to wash public latrines, being low caste people are not allowed to draw water from public wells in the town and therefore people of higher caste should draw water for them. For this reason, the services of two men as proposed by the Council, are absolutely necessary, and I beg

to recommend that Government sanction may kindly be obtained for the permanent entertainment of the two hands referred to above.

3 If the proposal is sanctioned, the work of road-watering in the town during summer will also be done by these two hands and no temporary coolies will be employed for the purpose, as was being done in previous years at a cost of about 100/- rupees per year.

4 There is already a provision of Rs 100/- in the current year's budget of the municipality, for road-watering and the excess of Rs 68/- required to meet the pay of the two proposed hands, will be met by re-appropriation. A proposition statement is herewith submitted.

5. The necessary appropriation statement will be submitted for sanction in due course, and regular provision for the pay of these servants, made in future years.

I have the honour to be
Sir,
Your most obedient servant
